

Transparency in Coverage Rule (CMS-9915-F)

Under the Transparency in Coverage Rule, issued in 2020 by the U.S. Department of Health & Human Services, U.S. Department of Labor and U.S. Department of the Treasury and enforced beginning 7/1/22, health plans (which includes clients who sponsor employee benefit plans) and health insurance issuers must publish two separate machine-readable files.

- **In Network:** Negotiated rates for all covered items and services between the plan or issuer and in-network providers
- **Out of Network:** Allowed amount paid to, and billed charges from, out-of-network providers for all covered services within a 90-day period

Cigna is the healthcare provider for Bowline Energy LLC. The following link leads to the machine-readable files that are made available in response to the federal Transparency in Coverage Rule and includes negotiated service rates and out-of-network allowed amounts between health plans and healthcare providers. The machine-readable files are formatted to allow researchers, regulators, and application developers to more easily access and analyze data.
